NOVA LUCE

ABOUT US

Design | Quality | Reliability

Light is the secret ingredient of our identity, indicates who we are and what we stand for. Coming from different backgrounds, economists, interior desigers, artists and graphic designers we use the main ingredient of our country -Light- to compose Nova Luce. With persistence and belief in good design and high quality, we design and produce luminaries since 2007 for the Greek and European market presenting refreshing ideas for the aesthetics of any room. Seeking through forms and materials we end up choosing durable lighting fixtures, both classic and modern, that transform any space into something special!

INDEX

RANDO SMART

Nova Luce presents the RANDO SMART series. A series of smart luminaires that can be controlled from a smartphone, a tablet or a smart home system such as Amazon Echo or Google Home.

The brightness, status and color temperature of each light, can be adjusted directly from your smart device or voice assistant over Wi-Fi without the need of any additional hubs.

A QUICK GLANCE AT THE BENEFITS OF RANDO SMART:
- Quick and easy installation
- No need for an additional gateway / smart hub
- Compatible with Amazon Echo and Google Home
- Can be controlled from your smartphone or tablet using the Tuya App.

SMART FEATURES:
- Remotely power on and off the device
- Brightness adjustment (10% - 100%)
- Color Temperature adjustment (3000K - 4000K)
- Control of multiple lights simultaneously using groups

Google Home
